Subject: Declarations of conformity:

Declaration of conformity to REACH regulation (2006/121/EG), SVHC candidate list from 10.07.2017

Declaration of conformity to RoHS Directive (2011/65/EU and 2015/863/EU)

Declaration of Conformity to the WEEE Directive (2012/19/EU)

Dear customer,

Our company is a service provider for the design, manufacture and sale of test specimens, fixtures and fixtures for automation and measurement technology.

In the sense of REACH, we are a so-called "downstream user". As a downstream user, we are generally not subject to any registration obligation.

In our own interest and in order to guarantee a high level of product safety, we intensively pursue the implementation of REACH and the resulting requirements.

We further confirm that our services and products conform to the RoHS directive and are produced in accordance with its applicable requirements.

We also do not market any products that could be related to the WEEE.

Please understand that we are unable to fill in any special questionnaires due to the sharp increase in the number of enquiries. However, we hope that this letter contains the information you have requested and thank you for your many years of trust and good cooperation.

Best regards
